

# SOLAR INDUSTRY DAY

*Wednesday December 10th  
10am-11:30am  
Tec Centro,  
57 Laurel St, Lancaster PA 17603*

## Workforce & Economic Development Center

Thaddeus Stevens College of Technology

### Power the Future of Solar!

Join us for **Solar Industry Day** and connect with the next generation of the solar workforce – including students from **Thaddeus Stevens College of Technology** and **JP McCaskey High School**. Discover career pathways in renewable energy, explore the future of solar careers, and learn about funding opportunities to support training and upskilling.

**We're seeking both attendees and panelists—don't miss this chance to shape the future of solar!**

Lunch is included, register to reserve your spot!
